

Certificate & Advanced Training Programs

The Illinois Pharmacists Association (IPhA) is a licensed partner to provide the APhA Certificate & Advanced Training Programs listed below.

APhA's ***Pharmacy-Based Cardiovascular Disease Risk Management*** is an innovative and interactive certificate training program that explores the pharmacist's role in cardiovascular disease risk management. This practice-based activity is the first step for pharmacists interested in learning the essential skills to successfully assess risk, promote cardiovascular disease prevention, and encourage patient adherence to therapy.

For information on APhA's ***Pharmacy-Based Cardiovascular Disease Risk Management*** program, objectives and ACPE Information, [CLICK HERE](#) .

Upcoming Programs: No program currently scheduled for the remainder of 2019.
