

## North Suburban Pharmacists Association

### September 10, 2019 - Program 176: Getting Pharmacists into Pharmacogenomics: What's been going on and what to expect

#### Slides

[Tablet - 1 per page](#)

To access the survey, [CLICK HERE](#) .

By selecting **REGISTER** in the upper left corner, you are registering to receive Continuing Pharmacy Education credits for North Suburban Pharmacists September Program. You will only use this link once. The company IPhA uses is called **Lecture Panda**. Select learner type, fill in the requested information (email, NABP, etc). Upon registering, you can continue and fill out the necessary evaluation(s) or wait until another time. You will receive an email from

#### **Lecture Panda**

with a different link for re-accessing these credits. Occasionally, email settings will divert this email to your Spam/Junk folder. Please do not register a second time. As you progress, please check the lower right corner for a next/continue button. You may need to scroll. When you arrive at the credit page, you will see the credit listing. Click the box that says code required and enter the code for the course. Then, scroll down and click next. This will take you to the survey for the

course. Please complete the survey. You must complete all of the requirements of this registration and completion of the evaluation(s) to receive your CPE credit. Credit is automatically uploaded to your CPE Monitor account within 48 hours.

**PLEASE NOTE:** When you begin to claim credits, Lecture Panda will email you with DIFFERENT link to use if you need to start and stop the claiming of credit. Once you are in, you will not use the registration link again.
